Jackson, Miss.—"I am a carpenter,
and the gripe left me with a chronic
cough, run-down, worn out and weak.
I took all kinds of cough syrups without
help. I read about Vinol and decided to
try it. Before I had taken a bottle I
felt better, and after taking two bottles
my cough is entirely cured, and I have
gained new vim and energy."—JOHN L.

COMING TO
ALMA

Dr. Hayden

Of Detroit

Specialist in the Treatment of Chronic
Diseases and Deformities With-
out Surgical Operation.

Offers Free Services

To Every one Who is Really Sick or
Deformed who will call

At the Wright Hotel, Wed. Apr. 5,
from 9 a. m. to 4 p. m. One day only.

Government statistics show that
more lives are lost by preventable and
curable diseases than by the bullets
of the combined armies of the world.
More misery, poverty and wrecked
homes are caused by these diseases
than the mightiest siege guns and
yet little heed is paid to right living
and the cure of these diseases.

Dr. Hayden is licensed by the state
for the treatment of all chronic dis-
eases and deformities of men, women
and children and will demonstrate
in the principal towns throughout the
state the successful methods of treat-
ing diseases and deformities without
surgical operation. Consultation, ex-
amination and advice FREE making
no charge whatever except the cost of
medicine or appliances needed for
those who are selected as proper cases
for treatment. All that is asked in
return for these valuable services is
that every person treated will state
the result obtained to their friends
and thus prove to the sick and af-
flicted in every city and locality, that
at last treatments have been devised
that are reasonably sure and certain
in their effect.

It is unnecessary to enumerate the
diseases treated, suffice it to say that
every man, woman and child who has
any disease or infirmity whatsoever
is invited to call. Those who have
been told that an operation is neces-
sary or those who have been told that
their case is incurable or those who
have been treated by other doctors
without benefit are especially invited
to call.

Married ladies must be accompan-
ied by their husbands and minors by
their parents.

NOTE: Dr. Hayden is well known
in this, his home state and you can
rely absolutely on what he tells you.

Are You Wasting The Price
Of a Titan Engine?

TITAN engines run on kerosene.
Average cost of gasoline so far this year,
16.9 cents per gallon.

Average cost of kerosene 7.7 cents per gallon.
Gasoline costs over 100 per cent more than kero-
sene. Gasoline is going up steadily. Kerosene is not.

At present fuel prices Titan engines, using kero-
sene, save their owners about 1.1 cents per horse power
per hour.

Are you running a gasoline engine? What horse power is
it? Figure what you'd be saving if you had a Titan kerosene
engine. Rather surprising, isn't it? How long would it take
that saving to pay for a Titan engine of the same size?

Studebaker Series 17-Six
50-H. P. 4-Passenger \$1085

WHY PAY \$300 MORE?

When you look over the other Sixes on the market and find
that to equal this Studebaker SIX in power and size, you must
pay nearly a third more;

—that no other Six within hundreds of dollars of its price gives
such POWER and flexibility;

—that no other 7 passenger SIX at its price gives the 122-inch
wheelbase that insures the comfort and riding ease this Studebaker
SIX is famous for;

—that no other car on the market, irrespective of price, gives more
lustrous quality of materials, more excellence of design, more per-
fection of finish;

Why pay \$300 more for a Six that gives no more? We invite
every man who is going to buy a car to come in and see the new
Studebaker—and we'll put it through any tests for performance,
comfort or quality that you can think of.
